Accessory Part No: 530222

Step 1

Attach the microphone mount supplied by your UHF Radio manufacturer to the UHF mount using the M3 bolts and nuts supplied.

Step 2

Test fit the bracket onto the location show in the pictures below. DO NOT REMOVE THE BACKING PAPER FROM THE 3M TAPE AT THIS STAGE.

Step 3

Wipe the area where the bracket is to be installed thoroughly with the supplied alcohol wipe. Then wipe it dry completely.

Wipe the area where the bracket is to be installed thoroughly with the supplied adhesion promoter. Make sure to apply the promoter ONLY to the area where the tape will be installed. Allow promoter to dry.

Step 4

Remove the backing paper from the double-sided tape and carefully place the bracket on the location as shown in the pictures below. Once in place, apply firm pressure to the bracket for at least 20 seconds.

IMPORTANT: DO NOT HANG THE HANDPIECE/ MICROPHONE FOR AT LEAST 72 HOURS.
